PROFILE

I'm a final-year Computer Science Engineering student deeply passionate about the realms of Cloud Computing, Machine Learning, and Business Management. With a keen eye for innovation, I've delved into the world of cloud architecture and data-driven insights, driven by a belief that the fusion of technology and business acumen can bring about transformative solutions. As I approach the crossroads of academia and industry, I'm excited to contribute my skills and enthusiasm to shaping the future of technology.

WORK EXPERIENCE

North Eastern Frontier Railway (Industrial Internship)

13/07/2023 – 13/08/2023

During this period in railways I was given training in railway signal and telecommunication and was given an exposure of the working environment.

Amtron (Industrial Internship)

13/07/2023 – 13/08/2023

In Amtron I worked as a web development intern which helped me to learn new things and how to work in the corporate world.

Jorhat Engineering College (Academic internship)

01/08/2022 – 31/08/2022

During this one month of academic internship, I was taught the various application of Deep Learning in Natural Language Processing.

Tare Zameen Par NGO (Social Internship)

01/06/2021 – 31/06/2021

As a student intern in this NGO, I was asked to raise funds for for underprivileged children.

PROJECTS

Stock Market Predictor

In this project, I along with my group members made a stock market prediction with the help of machine learning and data mining which helped us to learn the market type and make predictions in the near future.

Social Media Automation Bot

In this project I developed a bot which helps us to automatically log in to your social media account and then like, share and download. The project is based on data scraping.

Lung Cancer Detection

I'm currently working on this project to detect lung and colon cancer using convolutional neural networks.

HONORS AND AWARDS

- Anundoram Borooah Award
- Bachelors in Music

CERTIFICATIONS

- Integrated Marketing Communications: Advertising, Public Relations, Digital Marketing
- Introduction To Business Management, King's College London
